

A photograph of a modern library building. The building features a prominent wooden frame with vertical and horizontal slats. Large glass windows reflect the blue sky and surrounding greenery. A curved section of the building is visible in the background. The foreground shows a paved area and some young trees. A red rectangular box is overlaid on the top left of the image, containing the text "Welcome to the Library".

The library is a place for everyone.

There are many things you can do at the library.

Michelle and William visit the library every Monday for story time.

They like to listen to stories, make crafts and sing songs.

After school, Hannah goes to the library.

She meets her friends, plays games
and uses the computer.

Zara comes to the library to study.

She finds a quiet place and connects to free WiFi.

Hagos is learning English.

He comes to conversation classes
to practise his listening and speaking.

Jan meets her friends at the library.

She likes to do the craft
and cooking activities.
Sometimes she watches a
film and listens to a speaker.

Jim is looking for a job.

He looks for jobs on the computer and
the librarian helps with his resume.

George is retired
and enjoys a cup
of tea at the library.

He likes to look at books
and borrow DVDs.

The library has many things for the community.
Best of all, it's free!
