MELTON SUBURBAN UNIVERSITY STUDY HUB

Exam preparation - Revision and exam checklist

Before you start revising

- ❑ Check the **date, time, location and duration** of your exam
- ❑ Check the **content, question types and allowed materials**
- ❑ Look for **practice questions or past exams**
- ❑ Check the **exam weighting**.

Plan your revision

- ❑ Rate your topics: 🟢 **Green - Confident** | 🟠 **Amber - Needs practice** | 🔴 **Red - Priority**
- ❑ Work out how many **study sessions** you realistically have
- ❑ Give more time to **red and amber topics**
- ❑ Plan a brief review of **green topics**
- ❑ Set a **specific task** for each revision session

Make your revision count

- ❑ **Test yourself** instead of only rereading or rewatching
- ❑ Use **practice questions**
- ❑ Check what you got wrong and **review the gaps**
- ❑ Do some practice **under exam-like conditions**

The day before

- ❑ Check the practical details
- ❑ Get everything you need ready
- ❑ Keep any remaining revision **targeted**
- ❑ Prioritise **sleep**

In the exam

- ❑ **Read** the instructions and questions carefully
- ❑ **Allocate your time** based on the questions and marks
- ❑ **Keep moving** if you get stuck
- ❑ **Pause and breathe slowly** if you feel overwhelmed
- ❑ Leave time to **check your answers**, if possible
